Fluent in English
Native in Japanese

COURSE WORK

CONVERGED MEDIA LAB

- Designed comprehensive personas, wireframes, functional requirements, and high-fidelity prototype for a client's website
- Led the UX research for a development team of eight and revamped the user flow by implementing user-centered design
- Refined an extensive user research report and style guide for a self-designed app

VISUAL COMMUNICATION DESIGN

- Created outdoor signage, typography, logos, and photo framed silhouettes for a local exhibition

INTERACTIVE DESIGN FOR THE WEB-I AND WEB II

- Developed 10 websites by applying CSS and HTML coding and Bootstrap
- Redesigned the user interface by creating an app-flow redesign case study report
- Developed graphics and statistics using JavaScript

USER INTERACTION DESIGN

- Streamlined the UX design team of five by creating storyboards, comparative analysis, user journey maps, and high-fidelity prototype for an app
- Eliminated design errors and maximized the efficiency of the app by conducting usability testing

WORK EXPERIENCE

COFFEE PROFESSIONAL

Slipstream (Washington D.C.)

June 2022 - August 2022

- Conducted point of sales, espresso dialing, beverage crafting, light food preparation, and cleaning tasks
- Accurately and promptly took customer's order and answered questions over the phone and in-person

BARISTA TRAINER/BARISTA

Starbucks Coffee Company (Alexandria, VA)

June 2018 - August 20

- Trained new employees about company values, beverage crafting, food safety, and hygiene protocols
- Managed food and beverage preparations while assisting the customer's needs in a fast paced work environment

DESIGN INTERN (REMOTE)

Stable and Wise (Sydney, Australia)

May 2021 - August 2021

- Designed and published two Kindle eBooks for the company
- Improved SEO by editing content for the blog and social media posts, eBooks, and meta data
